CESKA ZBROJOVKA
CELEBRATES ITS
85TH ANNIVERSARY

Ceska zbrojovka a.s. (CZ) was founded on 28 July 1936. Today, Ceska zbrojovka is one of the most important companies in the industry, with the CZ brand ranked among the world's elite manufacturers of small arms. It is a fundamental pillar of the CZG holding group, which consists of companies with complementary production programs.

CZG's goal is to become a world leader in the production and sale of small arms. Recent acquisitions include a 100 percent stake in the traditional American company Colt Holding Company LLC, which includes both the U.S. parent company and Canadian subsidiary. Leveraging the strengths of both companies in research, development and innovation will further reinforce the strong position of CZG Holding in the global marketplace.

For fans of handguns and long guns, we are offering a limited **85th Anniversary Edition of the CZ 557** hunting rifle and a limited **85th Anniversary Edition of the CZ 75 SP-01 Shadow** pistol. Both editions will soon be released and forever remind their owners of this important anniversary in the history of Ceska zbrojovka.

Dear Customers, Business Partners and Fans of the CZ brand,

As you've just opened our new 2021 product catalogue and started to explore our exciting offer of firearms, I would like to take this opportunity to share some interesting information with you.

Ceska zbrojovka a.s. is part of the CZG - Ceska zbrojovka Group SE, which is composed of carefully selected companies with complementary production programs in the defense and security industry. The newest member of the group is Swedish company SPUHR, of which CZG acquired a minority stake in 2020.

CZ products are very well known and highly appreciated across the globe, with a significant amount of our annual production exported to over half of the world. To help shorten the time between products coming off of the production line and into the hands of our customers, we've decided to expand our production in the USA and are currently pursuing this activity.

Another significant development was the offer of CZG - Ceska zbrojovka Group SE shares on the Prague stock exchange last year. With the purchase of CZG shares, you too can own part of Ceska zbrojovka and thus become a member of the growing CZ family.

Last year's events have affected all of our lives and made it necessary for us to approach things in a new and different way, with a strong emphasis on the use of online technologies. As a leading company in the industry, we introduced our new products through live broadcasts that could be viewed online. We built a television studio, where product managers and sports shooters could present new products at agreed times. Everything is broadcast live and presentations include Q&A sessions with viewers

and listeners during the broadcast. Journalists, business partners and other viewers greatly appreciate this online activity, which allows us to remotely present and convey important business information that is needed for our further development.

As I have already indicated, we have not slowed down our efforts to come to market with new and improved products. We have traditionally worked with leading experts in the field for development of our innovative firearms. We also pay close attention to the valuable feedback provided by our wide group of users, which helps us to further refine our product offerings.

A new addition to our 2021 catalogue is the CZ TS 2 sport pistol series, which consists of three models – CZ TS 2, CZ TS 2 RACING GREEN and CZ TS 2 DEEP BRONZE. Our goal with this new series is to provide the most suitable sport shooting tool for both beginning and professional sport shooters, which is the reason we have launched three distinct models on the market. Each shooter now has the opportunity to choose the weapon that best suits their skill level and financial means. This CZ TS 2 series was presented to customers in an exciting video hosted by the phenomenal sport shooter and IPSC World Champion Eric Grauffel. We have the honor of working together with Eric and having him on our world-class CZ Shooting Team.

Among the other new weapons added to this year's catalogue include models from the CZ P-10 series, which includes the new CZ P-10 F 45 Auto, that are fully prepared for the mounting of a red dot sight and/or suppressor. Hunters and sport shooters that utilize long guns will also be happy to hear that we have a few new models in our CZ 457 rifle series that include the CZ 457 STAINLESS,

CZ 457 AT-ONE and CZ 457 SYNTHETIC SET, not to mention the exciting new addition of CZ shotguns to our portfolio. The popular CZ BREN 2 semi-auto rifle range has been expanded as well to include the CZ BREN 2 Ms CARBINE model model with a 16.5" barrel.

We are confident that you will appreciate our continuously expanding range of accessories that give you the means to tailor CZ weapons to your personal shooting style and preferences. And if you would like to experience the ultimate in firearm customization straight from the CZ production line, we would invite you to try our online CZ Configurator (www.czconfigurator.com) where you can build selected CZ firearms to your exact specifications. The CZ Configurator is currently available for customers in the Czech Republic, Slovakia, Poland and Germany, with plans in place for expansion to other countries in the near future.

I believe you will be pleased with the products presented in this newest CZ catalogue and will find the perfect firearm that meets your exact wants and needs.

On behalf of everyone at CZ, we look forward to speaking with you in person at upcoming exhibitions and presentations. We truly miss having direct personal contact with you.

Sincerely,

Jan Zajic
CEO and Chairman of the Board
Ceska zbrojovka a.s.

P I S T O L S

CZ leads the world with a comprehensive line of advanced pistols that sees continuous innovation and expansion of models. All categories are covered, from supercompacts to full-size models and sport specials. Pistols within the different series are made from both traditional and modern, cutting edge materials with a selection of hammer-fired and striker-fired models. Keeping with the latest trends, selected models come ready for the installation of a suppressor and/or a red dot sight. In addition to standard large-caliber models, the CZ range also includes rimfire adapters and semi-automatic 22 LR pistols for practicing and training.

IT'S YOU, YOUR AIM
AND YOUR GUN.
"IT'S ON."

CZ TS 2 SERIES

**A new generation of single-action sport pistols
optimized for the IPSC Standard Division, with additional
models also suitable for target shooting.**

The main benefits of the CZ TS 2 series include increased accuracy and durability, improved frame and slide geometry, aggressive checkering, fiber optic front sight (1mm, red), high quality finish, long service life and high reliability with various types of ammunition, machined duralumin magwell, and a wide range of components and accessories for extensive user customization. Each model comes with three magazines and a pin for replacement of the slide stop.

**THE CHOICE
OF CHAMPIONS**

ERIC GRAUFFEL

Main **features of the CZ TS 2 SERIES**

THE CHOICE
OF CHAMPIONS

ERIC GRAUFFEL

CZ 75 TS SERIES

The choice of champions and the leading pistols in the world for IPSC Standard and Open Divisions

The CZ 75 TS series offers championship sport special quality to a wider range of customers. These pistols are designed primarily for sport shooting in the IPSC Standard or Open Divisions. Thanks to small series production and fine-tuning at the factory, they deliver high performance right out of the box.

Full-size
CZ 75 TS ORANGE

9 × 19 | 20 40 S&W | 17

A top of the range sport special for the IPSC Standard Division. The hand-fitted barrel has a significantly longer service life. Prominent checkering on the pistol grip, together with an undercut trigger guard and deep beavertail, improve overall ergonomics and control. New features include a modified safety set (a wide safety on the left and a flat one on the right), enlarged aluminum magazine release and an aluminum trigger.

MODEL	HEIGHT×WIDTH×LENGTH (mm)	BARREL LENGTH (mm)	WEIGHT (kg)	CALIBER	MAGAZINE CAPACITY	SIGHTS	TRIGGER	FRAME

Full-size
CZ 75 TS CZECHMATE

9 × 19 (also Major power factor) | 20

A 9 × 19 (also Major power factor) sport special inspired by the fine-tuned, custom guns of elite shooters in the IPSC Open Division. All components are masterfully machined and matched, broken in and tested. Each pistol is supplied with an extensive set of accessories, including a C-more side mount for a red dot sight. You can rest assured that each pistol is ready to perform at its best upon delivery.

GRIPS	SAFETY FEATURES
Duralumin	Safety notch on the hammer, Manual safety
Duralumin	Safety notch on the hammer, Manual safety

A person wearing tactical gear, including a helmet and goggles, is shown from the side. They are holding a CZ P-10 pistol in their right hand and a magazine in their left hand. The background is a blurred indoor setting with some equipment.

CZ P-10 SERIES

Large-capacity, striker-fired pistols with polymer frame for self-defense, service and sport shooting

The industry-leading P-10 series is offered in a comprehensive array of sizes, from supercompact (CZ P-10 M) to subcompact (CZ P-10 S), compact (CZ P-10 C), semi-compact (CZ P-10 SC) and full-size (CZ P-10 F). Most models are also available with a design that allows for the easy installation of a suppressor and/or red dot sight.

All CZ P-10 series pistols feature maximum reliability, high accuracy, a long service life and shooting comfort. The sophisticated grip and checkering were created in accordance with the modern ergonomic DiFEND method, which significantly contributes to extreme user-friendliness. The very first model released in this series, the CZ P-10 C compact, was named "2017 Gun of the Year" by the prestigious American magazine "Guns & Ammo".

Main **features of the CZ P-10 SERIES**

Extremely durable and weather resistant finish on slide and barrel

Front and rear cocking serrations for comfortable and safe handling

Lightweight and durable fiberglass-reinforced polymer frame is mechanically strong and thermally stable

Flat ambidextrous slide stop (CZ P-10 S, C, SC and F models)

Swappable magazine release is right- and left-handed friendly

Three easily interchangeable backstrap sizes to modify grip and finger reach

Ergonomic grip with prominent checkering for superb shooting comfort, stability and safety

NEW

Full-size
CZ **P-10 F** 45 Auto

45 Auto | 13

The first pistol in the successful CZ P-10 series chambered in the timeless 45 Auto. This high-powered, full-size model combines an increased 13 + 1 firing capacity with key benefits of the CZ P-10 family, which include excellent ergonomics, light trigger pull, high accuracy, impressive durability, extreme reliability and precise construction.

NEW

Full-size
CZ **P-10 F OR**

9 × 19 | 19

The CZ P-10 F OR (Optics-Ready) has been designed for the increasingly popular option of mounting a red dot sight quickly and easily. The original CZ mounting interface is known for its robustness, strength, durability, low installation height and easy aiming with the red dot sight at short to long distances. This model also comes with high (co-witness) iron sights in case optics are damaged or fail.

Full-size
CZ **P-10 F**

9 × 19 | 19 9 × 21 | 19

The base model of the CZ P-10 full-size pistol is the ideal choice for shooters who prefer the best possible grip, maximum magazine capacity and long barrel for service, self-defense or sport shooting.

Trigger safety, Trigger bar safety, Firing pin block
Trigger safety, Trigger bar safety, Firing pin block
Trigger safety, Trigger bar safety, Firing pin block

Semi-compact
CZ P-10 SC

9 × 19 | 15 (17)

A perfect model for users who would like to carry their pistol as covertly and comfortably as possible, but who also want to maximize the potential of the 9 × 19 cartridge, as well as the advantages of a long barrel and slide. This semi-compact combines the full-size barrel and slide with a compact fiberglass-reinforced polymer frame.

MODEL	HEIGHT×WIDTH×LENGTH (mm)	BARREL LENGTH (mm)	WEIGHT (kg)	CALIBER	MAGAZINE CAPACITY	SIGHTS	TRIGGER	FRAME	SAFETY FEATURES
CZ P-10 SC	132×32×203	114	0,78	9 × 19	15 (17)	Luminescent	SFDA	Fiberglass-reinforced polymer frame	Trigger safety, Trigger bar safety, Firing pin block

Compact
CZ **P-10 C OR**

9 × 19 | 15

The OR (Optics Ready) model comes with a modified slide for easy attachment of a red dot sight. This original solution is characterized by its strong and durable assembly, low mounting height, easy aiming with a red dot sight (even at long distances), and the option to use iron sights in the event of the optics failing

Compact
CZ **P-10 C**

9 × 19 | 15 (17) 9 × 21 | 15 (17) 380 Auto | 15 (17)

Due to its dimensions, innovative design and large firing capacity, this highly advanced and compact striker-fired pistol is suitable for concealed carry as a weapon for self-defense.

MODEL	HEIGHT×WIDTH×LENGTH (mm)	BARREL LENGTH (mm)	WEIGHT (kg)	CALIBER	MAGAZINE CAPACITY	SIGHTS	TRIGGER	FRAME
CZ P-10 C OR	133×32×187	102	0,74	9 × 19	15	Luminescent / Tritium	SFDA	Fiberglass-reinforced polymer frame

SAFETY FEATURES
Trigger safety, Trigger bar safety, Firing pin block
Trigger safety, Trigger bar safety, Firing pin block

Subcompact
CZ **P-10 S OR**

9 × 19 | 12 (14)

NEW

A subcompact with the slide designed for easy mounting of red dot sights with the proper dimensions. High (co-witness) iron sights enable accurate shooting, even in the event of the optics being damaged or failing.

Subcompact
CZ **P-10 S**

9 × 19 | 12 (14)

A powerful, large-capacity subcompact with optimized dimensions for concealed carry, while maintaining the best possible shooting comfort, reliability and accuracy. With a larger 12+1 firing capacity, which is impressive for its class, the CZ P-10 S can be easily increased by another two 9 × 19 rounds with the exchangeable magazine base plate.

NEW

Micro
CZ **P-10 M**

9 × 19 | 7

Despite its radical miniaturization, the CZ P-10 M retains the stand out features that have set the CZ P-10 line apart from other striker-fired pistols, most notably the outstanding ergonomics and superb trigger. With a reduced footprint and width, it has been optimized for comfortable concealed carry, while maintaining a 7+1 capacity with 9 × 19 mm cartridges. An internal slide stop and user-friendly trigger make the CZ P-10 M an ideal back-up or defensive firearm for everyday carry.

MODEL	HEIGHT×WIDTH×LENGTH (mm)	BARREL LENGTH (mm)	WEIGHT (kg)	CALIBER	MAGAZINE CAPACITY	SIGHTS	TRIGGER	FRAME
CZ P-10 S OR	117×32×170	90	0,71	9 × 19	12	Luminescent	SFDA	Fiberglass-reinforced polymer frame

CZ *P-07/09* SERIES

Leading the way in the SA/DA polymer pistol category

The CZ P-07 (compact) and CZ P-09 (full-size) models enjoy an impressive reputation around the world for their comfortable and simple operation, high accuracy even during rapid firing, and absolute reliability in adverse conditions. Their main advantage is the original OMEGA trigger system, which features extremely smooth trigger pull and low pull weight in both single-action and double-action modes. Easily accessible, ambidextrous controls can be easily converted from manual safety to decocker and vice versa. All calibers come with high capacity magazines, which can be further increased with the interchangeable magazine base.

Main **features of the CZ P-07/09 SERIES**

Lightweight and durable fiberglass-reinforced polymer frame is mechanically strong and thermally stable

Sloping front of the slide for easier holstering

Easy user conversion from manual safety to decocker and vice versa

Front and rear cocking serrations allow for comfortable and safe handling of slide

Three easily interchangeable backstrap sizes to modify grip and finger reach

Standardized MIL-STD-1913 rail allows for attachment of a flashlight, laser pointer or both

Refined trigger blade design for fast and reliable pulls in SA/DA modes

Full-size
CZ **P-09 SR**

9 × 19 | 19

NEW

A full-size model with an extended, threaded muzzle for easy and reliable installation of a suppressor. It's the ideal choice for shooters who care about protecting their ears and respecting their surroundings.

Full-size
CZ **P-09**

9 × 19 | 19

Base model of the full-size SA/DA pistol for service and self-defense. The CZ P-09 is for shooters who require maximum accuracy, the highest possible firing capacity and the lowest possible weight. The highly durable fiberglass-reinforced polymer frame comes with interchangeable backstraps for customizing grip and finger reach.

VERSION

CZ **P-09 FDE**

In keeping with modern trends, the standard CZ P-09 model has a variant with tritium sights and a frame that comes with the popular Flat Dark Earth color scheme.

Compact
CZ **P-07 SR**

9 × 19 | 15 (17)

NEW

Another compact model in this popular series that follows the latest trends of having an extended, threaded muzzle for the easy and reliable installation of a suppressor.

Compact
CZ **P-07**

9 × 19 | 15 (17) 380 Auto | 15

An extremely popular model that combines the winning features of the OMEGA trigger mechanism, reduced dimensions and low weight, while retaining a large capacity magazine. The result is an ideal defensive and service firearm that's suitable for concealed carry.

CZ *SHADOW* 2

SERIES

The new king of the IPSC Production Division is the most accurate and fastest pistol within its category in the world

The CZ SHADOW 2 family of sport pistols is the most popular and widespread in the IPSC Production Division due to extremely precise construction using high quality components, and a strong focus on shooter comfort. It is consistently the first choice of the world's top sport shooters and is largely found in the hands of many IPSC title holders. Models within the CZ Shadow 2 range consist of advanced, large-capacity, all-steel sport pistols that allow good shooters to greatly increase their level of performance and the best shooters to triumph at the most prestigious IPSC competitions.

Main **features of the CZ SHADOW 2 SERIES**

Ergonomic, deep-seated grip for improved control during shooting

Height and side-to-side adjustable rear sight for easy aiming

Adjustable magazine release for maximum reloading speeds

Fiber optic front sight for extreme visibility and increased shooting accuracy

120 mm cold hammer forged barrel

Extended left safety button also serves as thumb rest

Smooth trigger pull and shortened reset

Full-size
CZ **SHADOW 2 ORANGE**

9 × 19 | 19/10 9 × 21 | 19

A perfect gun that elevates your shooting experience and results to an unbelievable level! The superb design base of this model has been further improved by precise gunsmithing modifications and the use of top-quality sport shooting components.

Full-size
CZ **SHADOW 2 OR**

9 × 19 | 19/10 9 × 21 | 19

The CZ SHADOW 2 pistol is extremely fast, yet at some shooting stages, it can be even faster. How can that be possible? By using today's compact red dot sights. The OR (Optics Ready) model allows for their easy, exceptionally low and secure attachment.

Full-size

CZ 75 SP-01 SHADOW

Popular all-steel, large-capacity SA/DA pistol for self-defense, service and competing in IPSC competitions

The CZ 75 SP-01 models are truly universal handguns. And it's not by coincidence – these pistols have been developed in collaboration with members of elite special forces and the best sport shooters on the planet. Their design is based on the timeless concept of the CZ 75, whose key parameters have been brought to absolute perfection. While retaining all user-friendly features, a considerable improvement in accuracy and a major increase in service life have been achieved.

Full-size
CZ 75 SP-01 SHADOW

RIMFIRE RIFLES

A gateway to the fascinating world of guns and shooting. They're an irreplaceable training aid and exciting source of entertainment, as well as an effective hunting tool and target shooter. These are considered the traditional qualities of long firearms that use rimfire ammunition, so-called rimfire rifles, and models from CZ have served as excellent examples for more than 70 years. The best proof of their success is the millions of satisfied customers and fans around the world, together with the fact that CZ is considered a global standard in this segment. The backbone of its current range is the brand new CZ 457 bolt-action rifle series, which brings many outstanding features to the table. This fast-growing family is closely followed by the original CZ 512 semi-automatic rimfire rifle series.

CZ 457 SERIES

A new generation of modern rimfire rifles

For more than 70 years, we have been at the forefront in the development and production of long firearms that utilize rimfire ammunition, with each model currently among the best on the world market. However, none have made such great strides in the improvement of all key parameters as the CZ 457 series. In 2021, several new models have been introduced - including the very first CZ rimfire rifle that comes standard with a riflescope developed especially for use on this gun.

Main **features of the CZ 457 SERIES**

Adjustable trigger mechanism for setting pull weight and trigger travel

Top quality cold hammer forged barrels and easy replacement of barrel with an option to change the caliber

Intuitive push-to-fire safety

Lighter striker increases striking speed and reduces vibration during firing

60° angle of the bolt handle allows for convenient, smooth and quick reloading

New type of bedding constantly tightens screws in stock for high accuracy and extreme barrel stability

Match chamber (selected 22 LR caliber models)

CZ **457 AT-ONE** **NEW**

22 LR | 5

Due to many requests from our customers, we have added the popular CZ 457 AT-ONE sports model from the CZ-USA range to our worldwide offer of the CZ 457 series. This specially designed rifle is equipped with a varmint barrel with MATCH chamber and a massive laminated wood stock from the well-known American brand Boyds, which features an easily adjustable shoe and cheekpiece. The classic sling loop is complemented by a quick-release loop with anchor holes on both sides of the forend.

CZ 457 SYNTHETIC SET NEW

22 LR | 5

An affordable set consisting of the CZ 457 Synthetic model with a soft-touch polymer stock and 3-9×42 riflescope developed especially for this series.

CZ SCOPE 3-9×42

The first riflescope developed specifically for CZ weapons. The optics enclosed within the one inch aerospace-grade duralumin tube feature 3-9 magnification, 42mm lens diameter, non-illuminated reticle placed in the second focal plane (SFP), fixed parallax at 50 meters, high light transmission coefficient, turret with 1/4 MOA clicks and water resistance. This custom riflescope ensures reliable and consistent shot groupings for all models in the CZ 557 series and comes securely attached on a two-piece duralumin mount.

How do you choose the ideal riflescope for your weapon? Some shooters make their choice based on previous experience, while less experienced shooters ask for advice from gun shops or friends. But if you want to unpack your new rimfire rifle and immediately hit the bullseye, you can now do it very easily, while saving time and money. The answer is the CZ 457 Synthetic SET.

CZ 457 STAINLESS

NEW

22 LR | 5

Our 22 LR field model has been created for those who appreciate the use of high-grade materials in their rifle. Adding to the advantages already found in the CZ 457 series is an attractive digital camouflage on a proven polymer stock with a soft-touch surface and a thin-walled stainless steel barrel with high resistance to adverse weather conditions.

CZ 457 THUMBHOLE

17 HMR (1:9) | 5 22 LR (1:16) | 5 22 WMR (1:16) | 5

The perfect combination of ergonomics and elegance. The defining characteristic of this model is its thumbhole stock made from high-strength, gray-brown laminated wood, which also features a unique integrated trigger guard. Its sophisticated stock design allows for comfortable use by both right- and left-handed shooters.

CZ 457 LRP

22 LR (1:16) | 5

The CZ 457 LRP (Long Range Precision) is the right choice for accurate shooting at extreme distances. Its 20" cold-forged, thick-walled and fluted barrel with Match chamber also includes an effective cylindrical compensator mounted on the threaded muzzle. All key elements of its sport stock are adjustable and the 25 MOA Picatinny mounting rail allows for easy aiming with a riflescope.

CZ 457 SYNTHETIC

17 HMR (1:9) | 5 22 LR (1:16) | 5 22 WMR (1:16) | 5

The main feature for this model is increased resistance to adverse environmental conditions. All metal components come with a high quality, anti-corrosion finish. Its ergonomically friendly, and extremely strong, polymer stock comes with a soft-touch finish and is resistant to moisture, cold and heat.

CZ 457 PREMIUM

17 HMR (1:9) | 5 22 LR (1:16) | 5 22 WMR (1:16) | 5

The 457 Premium is a model that will impress all fans of classically shaped hunting rifles. Its premium walnut stock features a cheekpiece and decorative forend. The 630 mm thin-walled barrel has a 1/2×20 muzzle thread for the attachment of a suppressor. Aiming is quick and intuitive with its tangent rear sight and fiber optic front sight.

CZ 457 MTR

22 LR (1:16) | 5

A highly precise model with a special stock made from premium walnut. The thick-walled, cold hammer forged match-grade barrel in 22 LR caliber is equipped with a MATCH chamber. Thanks to this feature, and all other improvements in the new CZ 457 series, this model guarantees 15 mm groups at a distance of 50 m.

CZ 457 ROYAL

17 HMR (1:9) | 5 22 LR (1:16) | 5 22 WMR (1:16) | 5

With this original model, CZ returns to the roots of rimfire rifles. The premium walnut stock has a cheekpiece and a decorative forend tip.

CZ 457 VARMINT

17 HMR (1:9) | 5 22 LR (1:16) | 5 22 WMR (1:16) | 5

A popular design with an American-style varnished stock and heavy 525 mm barrel, which makes it ideal for accurate sport shooting and hunting at medium to long distances. The proven 11mm CZ dovetail is milled into the top of the receiver for attaching scope ringmounts.

CZ 457 AMERICAN

17 HMR (1:9) | 5 22 LR (1:16) | 5 22 WMR (1:16) | 5

The 457 is the perfect example of a classic American sport and hunting gun. The varnished American-style stock is made from high quality walnut, with checkering on the grip that incorporates a fleur-de-lis motif. The thin-walled, cold hammer forged barrel is 630 mm long and has no iron sights.

CZ 457 JAGUAR XII

22 LR (1:16) | 10

The 457 Jaguar XII is a modern model of the popular rimfire rifles from CZ. It features the longest barrel on offer (726 mm), as well as a tangent rear sight adjustable between 25 and 200 m, stock with a jaguar motif, and claw marks in place of traditional checkering. Basic accessories include a 10-round metal magazine.

CZ 457 LUX

17 HMR (1:9) | 5 22 LR (1:16) | 5 22 WMR (1:16) | 5

A rimfire rifle with a classic European hunting rifle design. The varnished stock with cheekpiece is made of high-quality Turkish walnut and features laser-etched checkering. Traditional iron sights come as standard.

MODEL	LENGTH (mm)	BARREL LENGTH (mm/in)	WEIGHT (kg)	CALIBER	SUPPLY TYPE	MAGAZINE CAPACITY	SIGHTS	TRIGGER

CZ 512 SERIES

CZ 512 TACTICAL

22 LR (1:16) | 25 22 WMR (1:16) | 10

The attractive tactical design of the 512 Tactical has made it a popular semi-automatic rimfire rifle. It features an ergonomic pistol grip, length adjustable fiber-reinforced polymer stock, forend made from aluminum alloy and a 530 mm Picatinny rail (MIL-STD-1913) for the attachment of accessories. Chambered in 22 LR, it comes with a 25-round magazine as standard.

CZ 512

22 LR (1:16) | 5 22 WMR (1:16) | 5

The 512 is a modern semi-automatic rimfire rifle that is characterized by exceptional reliability, extreme accuracy and easy control. Due to its advanced design, it is suitable for both sport shooting and hunting, as demonstrated by the selection of calibers on offer. In addition to the basic 5-round magazine, 10-round magazines are available as a further purchase. A 25-round magazine is also available for 22 LR cartridges.

Shooting with rimfire rifles has never been so comfortable and fast!

Take seven decades of experience with the development and manufacture of rimfire rifles, mix it with unique know-how for the challenging design and production of automatic firearms, and season it with the most advanced manufacturing technologies. What do you get? The best semi-automatic rimfire rifles on the market!

CZ-USA FIELD SPORTS SHOTGUNS

Borrowing from the most popular shotguns in the CZ-USA portfolio, this diverse range of long guns exhibits excellent construction quality, reliability and user-friendliness. The traditional core offer is a proven range of shotgun models for hunting and sport shooting, for which a wide selection of interchangeable chokes is available for all models. Semi-automatic and pump models are very popular, among which there is also a version designed for home defense. In short, there is something for everyone.

CZ-USA *FIELD SPORTS* SERIES

CZ **SUPREME FIELD**

12GA/76 | 2

An elegant over/under shotgun made for shooters who require more than just accuracy and reliability from their weapon. The beautiful CNC machined receiver is chrome plated, polished and hand engraved. The stock is made from carefully selected Turkish walnut (Grade III) and features a beautiful image. Additional features include ejector and a single trigger mechanism that allows you to choose firing order of the barrels.

CZ **DRAKE**

12GA/76 | 2

The CZ Drake is a over/under shotgun with an extremely advantageous price to performance ratio. CNC machining of components is also utilized for this model. Features include extractor operation, a single selectable trigger mechanism with the ability to choose the firing order of barrels, low weight due to the deletion of the mid-rib between barrels, and laser cut checkering for a slip-free grip.

CZ **REDHEAD PREMIER**

12GA/76 | 2

A high level, universal 12-gauge over/under shotgun designed for sport shooting and hunting. The precision CNC machined receiver is chrome plated, which gives it a shiny silver appearance. This model is equipped with ejector for the fastest possible reloading times and a single trigger mechanism that allows you to choose the barrel firing order.

CZ **ALL-AMERICAN**

12GA/76 | 2

A 12-gauge sport over/under shotgun with an adjustable shoe and cheekpiece for tuning the gun to your specific body dimensions and shooting style. To minimize recoil, main ports are provided and the trigger mechanism fires the lower barrel first. High-precision CNC machining of all components allows for easy and trouble-free installation of spare parts.

CZ 1012

12GA/76 | 4+1

A 12-gauge semi-automatic shotgun with a gasless inertia operating system for maximum reliability. Its user-friendliness was confirmed with a test of 5,000 shots without a drop of oil or any type of cleaning, while experiencing zero parts breakage or malfunctions. This model is equipped with a stock and forend made from Turkish walnut.

CZ 1012 SYNTHETIC

12GA/76 | 4+1

A semi-automatic 12-gauge shotgun with a gasless inertia operating system, which provides maximum reliability with various types of ammunition from light-recoiling target loads to powerful 3" magnums and allows for a more relaxed maintenance schedule. A durable polymer stock makes it an ideal weapon for use in extremely inhospitable conditions. A wide range of chokes is also available for this model.

CZ 612 HOME DEFENSE

12GA/76 | 4+1

A simple 12-gauge pump action shotgun with a durable polymer stock and reduced length, 47 cm barrel with fixed cylinder choke. The result is a compact, reliable and powerful weapon especially suited for home defense, while also being a great choice for competing in IPSC disciplines.

CZ 612 FIELD

12GA/76 | 4+1

A reliable and affordable 12-gauge pump action shotgun for sport and hunting. The simple and durable pump reloading system has very low maintenance requirements, while the dual action bars make operation smooth and reliable. The stock is made of Turkish walnut and three interchangeable chokes come as part of its standard equipment.

CENTERFIRE RIFLES

For more than half a century, CZ has ruled the global market with its rifles for hunting and sport. The CZ brand is synonymous with original designs, reliability, accuracy, first-rate quality and affordable prices. Their continued success is confirmed by the hundreds of thousands of happy customers around the world, whose numbers increase significantly each and every year.

The ultimate sniper and sport special for highly accurate long-distance shooting

The CZ TSR model in the powerful 308 Win. caliber is our latest answer for extremely accurate shooting at a distance of 500 to 800 meters. Its design is attuned to a single purpose – to reliably hit a target under any and all circumstances. For the development of this cutting-edge bolt-action rifle, CZ worked closely with elite police and military professionals.

CZ TSR

308 Win. | 10

A sniper and sport special with first-rate performance, advanced parameters, individual ergonomic adjustment of key components, above average lifetime (SUB-MOA accuracy for an unbeatable minimum of 10,000 rounds) and 100% reliability in adverse weather conditions.

- FOLDABLE STOCK WITH RELIABLE RETENTION IN BOTH POSITIONS AND OPTION TO CHANGE FOLDING DIRECTION
- HEIGHT AND ROTATION ADJUSTABLE CHEEKPIECE FOR ACHIEVING AN OPTIMUM AIMING POSITION
- ERGONOMIC PISTOL GRIP WITH STORAGE SPACE AND INTERCHANGEABLE BACKSTRAPS
- FULLY ADJUSTABLE BUTT PAD FOR HEIGHT, LENGTH AND ANGLE
- INTERCHANGEABLE BOLT HANDLE BALL ALLOWS FOR INCREASED SHOOTER CUSTOMIZATION
- EFFECTIVE MUZZLE BRAKE FITTED ON AN M18×1 THREADED BARREL

SEMI-AUTOMATIC

Our semi-automatic rifles and carbines share the same DNA as our automatic submachine guns and assault rifles, which make them an ideal choice for sport and hobby shooters. They are also an excellent choice for security agencies and other private companies where local legislation does not allow the use of automatic firearms. These two product lines are a dream come true for civilians that require high performance weapons.

Leading semi-automatic carbines for sport, hobby and security

The CZ SCORPION EVO 3 S1 is an ideal firearm for modern shooting sports, hobby, home security and self-defense. It offers users a truly original design with many leading features, such as low weight, advanced ergonomics, high accuracy, smooth handling, easy breakdown, extreme reliability and exceptionally fast reloading.

CZ SCORPION EVO 3 S1 SERIES

SEMI-AUTOMATIC

CZ **SCORPION EVO 3 S1** CARBINE

9 × 19 | 10 9 × 21 | 10

A highly accurate and reliable 9 × 19 caliber semi-automatic carbine with a 16" barrel that's fitted with an attractive faux-suppressor. Its long, fiberglass-reinforced polymer forend is equipped with a modern M-LOK attachment system, which contributes to gripping comfort.

CZ **SCORPION EVO 3 S1** CARBINE COMP

9 × 19 | 10

The increased shooting comfort of this model is due to an effective two-chamber muzzle brake fitted on its 16" barrel and a long forend equipped with the M-LOK attachment system. It's a first-class firearm for modern sport and hobby shooting.

Cutting-edge semi-automatic rifles with unrivalled parameters and performance

The CZ BREN 2 Ms semi-automatic weapons platform is one of the most sophisticated on the global market. Its advantages include a simple design, extreme reliability, high accuracy, low weight and excellent ergonomics, as well as ambidextrous and easy to swap controls.

CZ *BREN 2 Ms*
SERIES

SEMI-AUTOMATIC

CZ **BREN 2 Ms**

223 Rem. | 10

The semi-automatic version of the CZ BREN 2 Ms assault rifle is the result of collaboration between CZ and other world markets that required civilian versions of this popular assault rifle.

CZ **BREN 2 Ms**

7,62 × 39 | 10

The superb design characteristics of the CZ BREN 2 semi-automatic rifle are combined with the impressive ballistic performance of the 7.62 × 39 caliber. The result is a powerful, accurate and reliable rifle that has become a leader in its category.

CZ SCOPE 3-9×42

Objective Lens Diameter: 42 mm
Magnification: 3 – 9×
Tube Diameter: 1 in
Reticle Focal Plane: Second Focal Plane (SFP)
Illumination Type: Non-Illuminated
Adjustment Click Value: ¼ MOA
Parallax: 50m
Weather Resistance: Yes
Water Resistance Level: Waterproof

1-inch, small, compact scope with very impressive features and versatile optics. It has an industry-leading field of view, fast focus ocular, and generous eye relief.

Features a proprietary coating process that maximizes light transmission through each surface of an optical element. As light hits an optical surface, normal uncoated high-performance glass can reflect up to 5% of that light, redirecting this light so it does not transmit through the optical system. However, when these high-performance lenses are vacuum-coated with proprietary lens coatings, up to 99.7% of the available light passes through each optical surface. Furthermore, when every surface of the entire optical system is properly coated, total light transmission can reach up to more than 92%, making the optical image of the riflescope “bright,” even in the lowest light conditions.

It also features a Double HD lens, created when multiple extra-low dispersion lenses are chemically laminated to make a single, multi-layer high-performance optical lens. Laminating multiple lenses minimizes light reflection on the surface of multiple lenses, creates enhanced resolution and color contrast images, and minimizes chromatic aberrations.

CZ CONFIGURATOR

*Build the weapon
of your dreams*

As of January 2021, the CZ Configurator has been launched in the Czech Republic, Slovakia, Poland and Germany, with plans to expand to other countries in the near future. If the CZ Configurator is not yet in your country, contact your local CZ Dealer to express interest in gaining access to this unique service. In the meantime, you can fully try out the English version of the CZ Configurator here:

czconfigurator.com
